Mankind is not likely to salvage civilization unless he can evolve system of good and evil which is independent of heaven and hell.... George Orwell

Man is a unique creation of Allah. He has been bless with goodness as well as evil. His conscience differentiates between these two faculties. Though man is the supreme creation of ALLAH, yet he is blend of evil and goodness. His wisdom and thoughts can change the outlook of this world.

_____ is the major problem in the most backward and developing countries. It indicates our morals, social and religious downfall. It is the matter of great shame that is in spite of becoming a nuclear power. We are far behind other nations in the way of characters and faith. There are many factors which are responsible for _____. Illiteracy, poverty and false idea of society are major causes of this social evil. However, a close analysis reveals that craze for wealth and power is the base of all kind of _____. People have become greedy and selfish. They do not know the virtues of love, sympathy and sacrifice. _____ Has become one of the most important problem of all the world especially of the third world countries like Pakistan. It is full of danger of evil impacts. It destabilizes and demoralizes nation and gives birth to depression and frustration in the society and state. It creates and spread the feelings of uncertainty, instability and insecurity among the mases. If it creeps in a

society, it eats into its vital and soon root out its inner strength. It destroys its outer splendor, economic prosperity, social peace and national unity. Consequently, a nation's good image is spoiled in all over the world. Lawlessness become order of the day due to poverty, corruption, violence, indiscipline and mass illiteracy. It is not effectively, properly and promptly checked, the entire judicial, moral and economics fabric of a nation will be collapsed.

_____ is highly dangerous and devastating for a country like Pakistan that has a weak economy and political instability. If the evil of _____ is not nipped in the bud, it may spread like a bush fire and engulf the whole nation and region like an epidemic. _____ Badly shatters people's faith in institution and the supremacy of the constitution. It deprives the masses of mental, physical, spiritual, moral, and economic health. It also paves the way for bloody revolutions and military takeovers.

The main causes of _____ are illiteracy, poverty, economic policies, pressure, social and economic injustice. Feudalism, capitalism and uneven distribution wealth and opportunities, non-availability of basic necessity and fundamental rights also spread _____. external factors like agencies of neighboring state like India also play a vital role in spreading _____ in Pakistan in order to destabilize it.

In the end, we can say that our officers, as well as scholars, educationists, political parties, NGO, and national mass media, should take necessary steps to eradicate this wicked problem for the best national and human interest. Only then can we raise our heads as a free and dignified nation.

..... is just like a magic tool which connects us to the whole world.

We are living in a world called a global village. Modern communication media and inventions have shortened the distance. But is the most revolutionary invention. Like all the other things, it has abuses along with its uses. Let us compare its uses with its abuses. After discussing them, we shall be able to decide whether it is a bone/curse or boom/blessing.

In the first place..... is becoming the cause of weakening our values system. Especially youth is getting badly affected. Immoral and vulture activities are spreading like wild fire. Young people pay less attention on their studies. They spend most of their time in using..... secondly, some vulgar elements are using it as a dating club. They provide a platform to unknown young boys and girls to chat with one another. So in this way, it promotes immoral relations. Thirdly, on special occasions, people greet their relatives and friend through..... instead of meeting them personally. In this way, has weakened our social life too. Besides its drawback, there is a long list of benefits of..... The whole world is on our finger tips. Now, we have entered the world in a tiny magic box which seems to be a miracle. Global ties and culture relations are getting stronger. It has made business and

commercial activities very convenient. We have access to any country within a few seconds. The world seems to be compressed into a magic box.

Keeping in view, its benefits and disadvantages, we can give our opinion about it. We can say that Has shortened the distances. But on the other hand, owing to, immorality and vulgarity..... Is a curse. Youth is also getting involved in different useless activities People do not bother meeting their friends even on special occasion. In this sense it is a social bane, but we cannot stop the revolution of technology by putting barriers.
